

# DATASIGHT

- Datasight (datasight.testoil.com) is our user portal. In Datasight users can:
  - Sample Registration
  - View test reports
  - Review testing history
  - Manage equipment database
  - Print labels
  - Order testing supplies
  - Assign testing schedules
  - Track trending data
  - ...and more

- Any **contact** associated with the account has access to Datasight.

- To **add contacts** to your account, contact Account Management.

- To access Datasight, users must first create their password. Passwords can be created by clicking **Forgot Password** and entering their email address as username. A link will be sent via email to create their password.
